

WILLIAM S. GOLDSTEIN, MD

Curriculum Vitae

EDUCATION

1982-1986	University of Michigan	Ann Arbor, MI
	Bachelor of Science	
	Graduated with Honors.	
1986-1990	Wayne State University	Detroit, MI
	Medical Doctorate.	
	Graduated with Honors	
1990-1991	Sinai Hospital	Detroit, MI
	Internal Medicine Training	
1991-1994	Sinai Hospital	Detroit, MI
	Residency in Ophthalmology	
1991-1994	Sinai Hospital	Detroit, MI
	Chief Resident, Ophthalmology	

HONORS AND AWARDS

1986 Graduated with Honors, University of Michigan
1990 Graduated with High Honors, Wayne State Medical School
1990 Inducted to Alpha Omega Alpha Honors Society in Medicine
1992 Joseph Wahlers Award for Excellence in Patient Care
1994 H. Saul Sugar Award for Education in Ophthalmology
2002 America's Top Ophthalmologists Award
2010 America's Top Ophthalmologists Award

BOARD CERTIFICATION

1996 Board of the American Academy of Ophthalmology
2006 Board of the American Academy of Ophthalmology

SPECIALTY TRAINING

1993	Radial Keratotomy	Chicago, IL
1996	PhotoTherapeutic Keratectomy	Detroit, MI
1996	Laser In Situ Keratomileusis	Detroit, MI
2000	INTACS	Southfield, MI
2002	SelectiveLaser Trabeculoplasty	Novi, MI
2003	Implantable Contact Lens	Madison, WI
2003	Conductive Keratoplasty	Shelby Twp, MI
2005	Crystalens Implantation	Washington, D.C.
2005	Acryof ReStor	Chicago, IL

HOSPITAL ASSOCIATIONS

William Beaumont Hospital	Royal Oak, MI
William Beaumont Hospital	Troy, MI
St. Joseph's Mercy of Macomb	Clinton Twp, MI
St. John's Hospital of Macomb	Warren, MI
Truista Surgery Center	Troy, MI

AREAS OF PROFESSIONAL INTEREST

Surgical Correction of Myopia, Hyperopia and Astigmatism
Surgical Correction of Presbyopia
Modern Cataract Surgery
Diabetic Eye Disease
Continuing Education of Physicians
Continuing Education of Fellow Eye Care Professionals

PRESENTATIONS IN CONTINUING EDUCATION

Surgical Correction of Myopia, Hyperopia and Astigmatism
Surgical Correction of Presbyopia
Modern Cataract Surgery
Diabetic Eye Disease
LASIK Pearls and Pitfalls
Modern Refractive Surgery
Treatment of Preexisting Astigmatism in Cataract Surgery
Surgical Advances in Modern Ophthalmology
Medical Advances in Modern Ophthalmology
Crystalens Implantation in Cataract Surgery
Continuing Education Online, www.2020vision.com

ABOUT DR. GOLDSTEIN

Dr. Goldstein began his practice of general ophthalmology in 1994 and is a board-certified ophthalmologist. He was among the first surgeons in Michigan to perform LASIK surgery, with his first case in early 1996. His high success rate was quickly recognized by patients and other doctors. He is now considered one of the premier surgeons in the metro-Detroit area. In March of 2005, Dr. Goldstein performed the first Visian Implantable Contact Lens surgery in Michigan.

Dr. Goldstein has performed refractive surgery on surgeons, nurses, and many other health care professionals, and has rapidly established a reputation as a caring physician, with the ability to manage a wide variety of eye problems. By providing a unique combination of high tech surgical management and warm, personal patient care, he has gained the trust of patients and physicians alike. He is one of a new breed of ophthalmologists who place individual patient care above all else.

At the Laser Eye Care Center, Dr. Goldstein also continues to provide the latest in surgical management of cataracts. He is one of about 30% of surgeons in the country to provide the most modern form of cataract surgery, which combines a topical anesthetic with a "No stitch" incision. This technique, which is known as the clear cornea technique, is the fastest, safest method for cataract removal. Dr. Goldstein has been using this technique since 1995, making him one of the first to adopt this "needle-free, stitch-free, patch-free, and pain-free" method.

The Laser Eye Care Center relocated to a brand new building in 1998. The new office is in Shelby Township, Michigan, in the Harvard Professional Building. It includes a state of the art laser center for the care of glaucoma and diabetes. An in-office operating suite is used for RK and other surgical procedures, such as blepharoplasties and eyelid biopsies.

Dr. Goldstein is a proud alumnus of the University of Michigan pre-medical program. He completed medical school in 1990, graduating from Wayne State University with honors. After completing a year of internal medicine at Sinai Hospital, Dr. Goldstein completed a 3-year residency there, including a stint as Chief Resident. He is the recipient of two patient care awards, the Joseph Wahlers Award for Excellence in Patient Care, and the H. Saul Sugar Award for Education in Ophthalmology. In addition, he was recently selected as one of "America's Top Ophthalmologists" by the Consumers' Research Council of America.
